EXTERNAL REPORTS			
Borough Council: Report received. Copy to be placed on our website.  PPP Meeting: Cllr Bell noted that he had attended the last meeting where the elections took place. His report is attached to the minutes. However, Wouldham seems to be a good example of working towards MS4N (Making Space for Nature) by having set aside wildlife areas and planting trees etc. Cllr Parris asked if the Piggy Field could be considered a wildlife area. Cllr Parris also asked who owned the last piece of land beyond the compound. Clerk to investigate.			
Community Warden: Not received			
Community Safety			
Police: Not Received Neighbourhood Watch: 16th May in Pilgrims Way. Somebody stole a white Ford Fiesta, AV67***, from the road. 9th May in Worrall Drive. Somebody stole a tyre from school grounds. Speedwatch: 2 sessions took place in May. The results are as below:			
Date Site Total number of vehicles Numbers speeding  8/5 Knowle Road (top) 248 0 (30mph zone)  22/5 Knowle Road (bottom) 128 40 (20mph zone)			
The team are quite despondent that, even though consistent sessions show Knowle Road as being a serious area of concern, the Police have only visited once and no strategy for dealing with this problem is being considered.			
Cllr Bell has spoken the Area Coordinator who has passed on details of a contact within KCC who may be able to give advice. Cllr Britchfield noted that when it was set up, people caught 3 times, get a visit from the Police. Cllr Bell advised that the difficulty is that there is no feedback to its effectiveness. Cllr Britchfield asked if there would be a discount if we purchased 2 cameras for the Parish and whether they could be linked to the Police Control Centre. Cllr Bell advised that the cameras we are looking to purchase do not record speed. Cllr Yard was concerned that someone could be seriously injured or killed if the situation is not addressed.	ЕВ

The area had been approved by KCC and the school were going to recruit for the position. As there seems to have been no progress, he contacted chair of governors to ask for an update. An email was then received from Mrs Baldwin (Head) who denied all knowledge of it although a member of her own staff attended the meeting on behalf of the school.	
10.3	Cllr Bell advised that the Traffic Survey has been received. He is currently analysing the data, but initial results show that the traffic is horrendous. Cllr Britchfield asked if we could insist that we were consulted for Bushy Wood as this development will make the situation even worse. Cllr Bell advised that the Clerk had been in contact with TMBC who reported that Highways have raised no comments or concerns and that the S106 items seem to have all been sorted with nothing for Wouldham. ## PPP MEETING HELD ON 30<sup>TH</sup> MAY 2024 - FEEDBACK REPORT

The Chairman and Vice Chairladies were re-elected.

Dawn, from the Election department, gave a brief talk on the arrangements for the forthcoming elections with the usual plea for volunteers. Parish Councils are being sent publicity for the election, and are asked to display this prominently.

The next item was a speech on MS4N (Make Space For Nature) areas to be made available for wildlife to flourish. Wouldham Parish seemed to be ahead of the game with SSSI sites, the Rec and River Walk.

The next speaker gave us a list of where TMBC were spending money, such as the up-date to the Larkfield Leisure Centre. The majority of other schemes seem to be in Tonbridge.

TMBC is the 7<sup>th</sup> best Council for recycling waste material in England, but obviously we do not make enough money from that to re-instate our Bulk Collection Service.

The next meeting will be on 29<sup>th</sup> August, 2024 and is online. Other Councillors are invited to represent the Parish at these meetings so that it does not consistently fall on one person.

Cllr Eddy Bell
